TITLE INDEX

A cross-country analysis of consumption patterns, 1245
A dominant firm model of price determination in the US fresh salmon market: 1985–88, 743
A model of speculative efficiency with 'news' error components, 1293
A new econometric model of union threat effects, 1329
A re-examination of the impact of automotive styling on demand, 101
A short-run assessment of the effects of VAT on consumption patterns: the Greek experience, 617
Advertising, competition and market share instability, 1409
Alcohol involvement in recreational boating: implications for safety regulation, 1233
Amalgamations of universities: Are there economies of scale or scope?, 1081
An alternative approach to market structure and the markup ratio, 111
An analysis of revisions to the industrial production index, 213
An analysis of technological change, factor substitution and economies of scale in manufacturing industries in India, 1337
An application of a multiple cause variable model for consumer perception of orange juice, 207
An econometric analysis of price differentials in the EEC automobile market, 599
An econometric study of tourism demand: the AIDS model of US and European tourism in Mediterranean countries, 1541
An economic impact analysis of alternative dairy policies: the case of US and German dairy farms, 961
An empirical study on Taiwan's current account: 1961–90, 927
Anticipated and unanticipated money: a case study of Malaysia, 919
Are aquisitions by utility firms beneficial?, 1401
Are German unions rocking the economy? A reappraisal of the supply-side political business cycle, 1345
Automobiles and implicit markets: an estimate of a structural demand model for automobile characteristics, 541
Average of forecasts: an improvement, 689

Bargaining in the transfer market: theory and evidence, 1467
Black market exchange rates versus official exchange rates in testing purchasing power parity: an examination of the Iranian rial, 465
Breath testing in Canada: deterrence or detection?, 765

Canadian CPI announcements over the disinflationary cycle: evidence from the foreign exchange rate market, 1045
Can Chinese state enterprises perform like market entities: productive efficiency in the Chinese iron and steel industry, 1071
Causal relationship between exports and economic growth: some empirical evidence in Taiwan, Japan and the US, 1145
Cigarette consumption in Spain: empirical evidence and implications for public health policy, 149
Cigarette demand, health scares and education in Turkey, 521
Cointegration, real exchange rate and modelling the demand for broad money in Japan, 717
Comparative stability analysis of demand-side and supply-side input-output models in the UK, 75
Concentration of sales and assets of the top 25 *Fortune 500* firms: 1967–90, 191
Concentration trends and profitability in US manufacturing: a further comment and some new (and improved) evidence, 1285
Consumers' demand in the long run: some evidence from UK data, 727

Determinants of female administrative support personnel compensation at a large public university, 1217
Determinants of inflation in oil-exporting developing countries: an empirical investigation 1970–1990, 439
Divergency between average and frontier production technologies: an empirical investigation for Bangladesh, 379
Do efficiency wages explain dismissals?, 1301
Does economic growth depend on external capital? some evidence from 116 countries, 369
Does output have a unit root? New international evidence, 953
Does the Fisher effect apply in Australia?, 839
Dollar movements and inflation: a cointegration analysis, 1483
Donor bias towards small countries: an overlooked factor in the analysis of foreign aid and economic growth, 481
Durability and tests of the permanent income hypothesis using partially disaggregated consumption data, 627
Dynamic responses to changing demand: a model of the reallocation process in small and large municipalities in Norway, 589

Empirical performance of the AIDS model: constant-coefficient versus time-varying-coefficient approaches, 453
Estimating regional differences in the utilization of labour resources, 447
Evidence of hetroscedasticity and mis-specification issues in the market model: results from the Athens Stock Exchange, 1423
Exchange market pressure in Paraguay, 1963–88: monetary disequilibrium versus global and regional dependency, 1053
Exchange rate expectation formation process: a consistency test, 845
Explaining interest spreads on sovereign Eurodollar loans: LDCs versus DCs, 1978–84, 609
Explaining urban-rural income and wage differentials: a study using aggregate data for India, 1167

Factors affecting inter-industry variation of foreign ownership of manufacturing industry, 653
Fiscal dependence on trade taxes and the level of economic development: a comment, 1393
Fiscal dependence on trade taxes and the level of economic development: a reply, 1398
Fiscal policy and private investment expenditure: a study of Australia and the United States, 143
Fixed factor models of agricultural productivity growth, 1187
Forecasting exchange rate for the Australian dollar *vis-a-vis* the US dollar using multivariate time-series models, 403
Foreign aid and economic growth in Cameroon, 1309
Foreign participation and technical efficiency in Indian industry, 583
Franchising, liquidity constraints and entry, 1269
Further evidence on alternative theories of inflation and unemployment: the Scandinavian countries, 945

Gender wage discrimination: methodological issues and empirical results for a Canadian public sector employer, 227

Housing equity withdrawal and the average propensity to consume, 1315
How efficient is the substitution of debt for taxes in influencing demand?, 295

In search of the motives behind US fiscal macroeconomic policy, 1013
Income elasticities of exports and imports: a re-examination of the empirical evidence, 71

0003–6846 © *1993 Chapman & Hall*

Income elasticities of household expenditures: a US cross-section perspective, 635
Inflation variability and the Turkish economy, 787
Inflation and its variability: an alternative specification, 43
Inflation and its variability: a reply, 47
Inflation and relative-price variability: the effect of commodity aggregation, 703
Inflation's negative effects on real stock prices: new evidence and a test of the proxy effect hypothesis, 263
Innovation spending and productivity growth in the German economy, 1980–1986, 675
Inter-industry and occupational wage differentials in Italy, 1113
Internal and external labour mobility in Canada, 1355
International trade and employment in the UK textiles and clothing sector, 1477
Intertemporal budget constraint and public debt sustainability: the case of Italy, 275
Inventories of US parent companies and their foreign affiliates: an analysis of recent data, 335
Investigating the trend characteristics of the Australian business cycle, 695
Is it retirement or unemployment? Induced 'retirement' and constrained labour supply among older workers, 505

Labour market experience in female wage equations: does the experience measure matter?, 1439
Labour market segmentation: a local labour market analysis using alternative approaches, 569
Lags in the effects of labour market policy - an empirical analysis of job creation measures, 343

Macro against sectoral wage equations for The Netherlands, 1373
Manufacturing and economic growth in the United States, 67
Measuring financial service output and prices in commercial banking, 983
Merger policy and competition: an analysis of the Monopolies and Mergers Commission's decisions, 57
Modelling money demand in open economies over the modern floating rate period, 1005
Modelling the consumer's decision to replace durable goods: a hazard function approach, 1287
Modelling UK house prices using cointegration: an application of the Johansen technique, 1225
Monetary interdependence among G-3 countries, 681
Monetary policy and oil price shocks: empirical implications of alternative responses, 777
Money, inflation and causality in a financially repressed economy: Algeria, 1970–88, 473

Natural monopoly in Portuguese telecommunications, 489
Nutrient demands and the allocation of time: evidence from Guam, 811

Oil shocks and oil stocks: evidence from the 1970's, 181
On the choice of production functions: the case of US manufacturing industries, 321
On the rationality of US macroeconomic forecasts: evidence from a panel of professional forecasters, 869
On the real effects of short- and long-run inflation and relative sector price variability: some empirical evidence using the Kalman filter, 173
On the robustness of Barro's new classical unemployment model, 349

Part-time female earnings: an analysis using Northern Ireland NES data, 1
Part-time participation over the life cycle among married women who work in the market, 91
Patterns of change in Italian regional labour markets: a multistep principal components analysis, 305
Political turmoil and financial market behaviour in reforming market-oriented economies: the case of Poland, 759
Predictability of secondary-market developing-country debt prices, 1365
